

Classical music, tales

Collection introduces Vivaldi, Mozart, Beethoven and original sagas.

The Classical Kids Collection, Volume 1
Classical Kids Digital/
The Children's Group
4-CD set: \$60.49
Ages: 5 to 12
www.childrensgroup.com

Classical Kids began intertwining imagination-stirring composer- and history-based original tales with excerpts from classical masterpieces years ago; the critically acclaimed results, in which children and composers figure at the heart of each story, are just as enthralling today. This gift set features four of the best: "Vivaldi's Ring of Mystery," "Mozart's Magic Fantasy," "Mr. Bach Come to Call" and "Beethoven Lives Upstairs." (Also available separately.)
